A Lent Programme at Liverpool Parish Church dates back to 1876, and every year since then there has been something to draw people in, whether it is lectures or music or discussions. The Programme looks different in 2024 from when it first began, but the intention is the same: Lent is an opportunity to step back and reflect, and it is a time to engage with something new. As ever, this year's programme is for the Church, the City, and for you.

Fr Crispin Pailing
